Cars: Then and Now

Cars are different now than they were in the past. Let's have a look!

1880s

Karl Benz makes one of the first cars. It's got three wheels, and it's faster than a horse or a bicycle. In 1888, his wife Bertha is the first person to go by car on a long trip. The journey is only 105 kilometres, but it takes Bertha about twelve hours!

1910s

Henry Ford and his team make the famous Ford Model T car. Now lots of people can get a car.

The Model T has got four wheels, but it's only got one window in the front.

1950s

Cars are every colour of the rainbow, including pink! They're bigger and faster than the early cars. These cars make the air dirty, but people aren't thinking much about this. They're just enjoying their big, colourful cars!

Helping Hands

Christopher Nguyen lives in Alameda, California, US. He likes playing the piano. He is very good at it too! He likes sharing his special talent. Every two weeks after school on Fridays, he visits the Waters Edge Lodge. It is a place for senior citizens. The senior citizens usually like doing puzzles and watching TV after dinner. When Christopher comes to play the piano for them, they all stop to listen.

Christopher likes making people happy. He looks at people's faces to see how they are feeling. Then he chooses the kind of music to play on the piano. He can play many different kinds of music. Usually the senior citizens smile, and sometimes they cry.

Christopher is usually very shy. He doesn't like talking in front of his classmates at school. When he plays the piano, he doesn't feel shy. He feels very happy. And he likes being with the people at the Waters Edge Lodge.
